

FREE Workplace Health and Safety Advice ONLY for ACWA Members

Eastman Lynch are the Consultants who developed the template of the WHS Manual which is available in the **Members Area** of the ACWA website.

If you need further assistance or have any questions regarding your legal obligations, you can now contact **Eastman Lynch** directly.

** ACWA financial members, for authorisation purposes, at the start of the call/email please provide your ACWA Membership carwash or company name and main contact name **

The **FREE Service** is available for consultation/s and but - does not include researching of information or preparation of specific documentation . However, if required, further charges for more complex advice or assistance will be negotiated with each the individual member.

A quotation will always be provided before any extra charges are incurred.
